\textbf{SPACES Campus Diversity Engagement Program}

The Campus Diversity Engagement (CDE) Program is an initiative of the Student Promoted Access Center for Education and Service that serves as an opportunity to engage prospective students from diverse backgrounds with the university community. Emphasis for the engagement program is to serve students from underserved and under-resourced backgrounds that traditionally do not have access to the university. The program is designed to expose these students to the undergraduate experience at the university by exposing them to the academic, social, cultural & political aspects of campus, (including issues of gender, race, class, sexuality, ableism, social justice, activism and more). In addition, the program is designed to help connect the UC San Diego student community to diversity and social justice initiatives in the city of San Diego/ the greater San Diego community. The Campus Diversity Engagement Program is to serve as an access, retention and community engagement program. The main goal of these Alternative Tours should be to create a connection and encourage students that allows them to envision themselves in higher education, whether it is UC San Diego or not.

\textbf{Access Component}

- The access component, the primary component of the program, is designed to reach out to historically underrepresented and underserved K-14 youth in the greater San Diego area and the state of California.

\textbf{Alternative Tour Guide Retention & Social Justice Training/ Development Component}

- The retention component is designed to reach out to historically underrepresented and underserved students here at the University. Both components should pass on knowledge of student activism and our story at UC San Diego.

This component will include: tour guide trainings, tour guide bonding activities, and tour guide appreciation programs and events. It is intended for the volunteer student tour guides who will provide the campus tours with the CDE’s. It is both designed to develop their skills and knowledge in social justice work, while retaining them at the university.

\textbf{Volunteer Recruitment/Retention}

- Coordinators will publicize the Campus Diversity Engagement Program to the student body and recruit and maintain a regularly updated database of volunteers. The volunteers will undergo a training program hosted by the Campus Diversity Engagement coordinators. Interns will create a sense of community among the volunteers by planning quarterly/bi-annual events to celebrate, share stories, and learn from each other.
Campus Tour
- Campus Tours will be a key component of the Campus Diversity Engagement Program. Coordinators will be charged with developing and researching significant events related to the university and situating those events at specific points on campus. The goal is to make the Campus Tours engaging, vibrant and personal for both the prospective students and student volunteers.

Student, Staff, Faculty Panel
- Student Panels will be a key component of the Campus Diversity Engagement Program. Coordinators will be charged with organizing a panel of UC San Diego student volunteers to participate in Q&A empowerment sessions with visiting youth and prospective students. These should be the same student volunteers participating in the alternative campus tours component of the CDE program.

Committee Component
- CDE’s will establish a committee that will help them run the tours. This committee will allow UCSD undergraduate students to feel committed and would also help CDEs. The committee could consist of Publicity Chair, Recruitment Chair, Senior Alternative Tour Guide (ATG) and would be open to any other Alternative Tour Guides who are interested, which could be junior ATGs.
